### Buffingtons To Occupy New Home On Engracia Ave.

Work was begun this week on an attractive new home at 1345 Engracia avenue for Mr. and Mrs. Frank Buffington. Mrs. Buffington is an accomplished musician and an unusually large living room has been embodied in the plans for the new home, which will serve as a music studio. Mr. Buffington is manager of the J. C. Penney Company store in Torrance. The home was designed by B. C. Buxton and is a modified English type with stucco finish. The property is owned by Fred Freeman, cafe proprietor, who is building the house for Mr. Buffington.

W. Goldsmith of Long Beach, and Mr. and Mrs. George Anderson of Ward street.

Mr. and Mrs. Sam Warren of Minnesota, who spent the past week visiting at the home of Mrs. Warren's sister and family, Mr. and Mrs. F. McLain of Hawthorne boulevard, have located in Los Angeles.

Local Dealer To Exhibit New Trucks

(Continued from Page 1)

heavier and king pins, thrust bearings and wheel bearings are larger. The center cross member of the frame, which takes the driving thrust transmitted from the rear wheels, also is stronger.

"Another major change is the improved braking power. Braking surface has been increased to 47 1/2 square inches. All brakes are fully enclosed.

"The truck may be obtained with either single or dual rear wheels. With the single rear wheels 32x5, high pressure, eight ply tires are used. The dual wheels call for 30x5, heavy duty six-ply balloon tires. This is the same size tire that is used on the front wheels, hence only one spare need be carried.

"Chassis dimension are over-all width across rear hubs, 69 1/2 inches; over-all width across dual rear wheel tires, 76 7/16 inches; and over-all length, 123 1/2 inches. The wheel base measures 113 1/2 inches. The turning circle of the truck is 46 feet. The fuel tank has a capacity of 10 gallons."

### FIREMEN SEEK PENSION FUND OF TAXPAYERS

Support of Constitutional Amendment No. 27, an act enabling the State Legislature to apportion a part of the Corporation Tax toward a pension fund for firemen, will be sought by the various firemen's organizations of California at the coming elections.

Under the sponsorship of the California State Firemen's association, composed of 245 departments in the state, the amendment was readily approved at the last session of the Legislature, and will be placed on the ballot at the fall elections.

Working on the logical theory that municipalities, through civic funds, protect all property however taxable, the supporters of the amendment have declared their belief that a share of the tax funds held by the State in the General Fund should be used for pension purposes for all fire departments of the State.

It has been pointed out by leaders of the move that with the exception of the metropolitan area having established pension funds, the firemen are protected only by pension insurance, paid at their own expense, or by small accident compensation funds, supported by the individual towns.

The passage of the amendment will result in the creation of pension funds in every city and township in California, will increase department personnel efficiency, and will lower insurance rates, supporters assert.

### M. E. Church Holds Quarterly Conference

The last quarterly conference of the year will be held Wednesday night in the M. E. church auditorium. Dr. Walter C. Loomis, district superintendent will preside and give the address.

Rev. R. A. Young will make his report which will outline the work of the church for the last three years, and point out the many opportunities that are open to the churches of this growing city.

Ladies' Aid will serve supper, starting promptly at 8:30. The choir and orchestra of the church will give a musical program during the evening.

### Young Boy Has Eye Injured

Raymond Leake, seven-year-old son of Dr. and Mrs. Norman A. Leake of Marcolina avenue, is suffering from a severe injury to his left eye. Raymond was playing with a sling shot on Saturday and the heavy piece of inner tubing that served as the elastic came loose and struck him in the eye.

The blow left a spot on the lens of the eye. It is believed that he will retain the sight of his eye, although for several days it was believed that he might lose it.

### his Doctor's Verdict... at 40

"You have an 'after 40' ailment that 6 out of 10 are afflicted with. Too bad you must leave business just as success comes to you. But you must... forget what a year."

THE peak of success in business begins at 40, with the average man. So too comes the turning point in health, the age when wear and tear of life begins to take its toll. Over half of men equipped to reach the top, fall because of breakdown in health, statistics show. Doctors now trace the cause, in many cases, to kidney breakdown. Over half of men and women are affected. Many without knowledge, for there are no warning symptoms.

The cause they give is this: 75% of poisonous waste from the system is excreted by kidneys, much in too concentrated form. Overburdened, delicate kidney cells break down. Congestion occurs, throwing poisons back into the system... the beginning of many serious ills.

Doctors now prescribe 6 glasses daily of Puritas distilled drinking water (mineral-free) to flush kidneys in the most efficient way. Puritas dilutes and carries off concentrated waste matter, without leaving congestion-forming mineral deposits.

Puritas is scientifically distilled and aerated, water in its purest state. Through its rare seems different at first, each drink you'll increasingly enjoy.

Guard against the prevalent after 40 health breakdown. Drink Puritas each day.

Phone Torrance 200 and Puritas will be delivered to your home anywhere in Southern California. A Puritas iceless cooler furnished free.
